CONSTRUCTION UPDATE #1

Nieman Corridor South Storm Drainage Improvements
P.N. 3400, SMP TC-021-072

October 21, 2016

Dear Resident:

With the recent good weather, the project has really been progressing. The contractor, Leath & Sons, has been using two crews to complete work as swiftly as possible after delays due to permitting and weather. About 25% of the block wall and concrete channel floor have been constructed. Leath & Sons intends to start stormwater pipe installation on 62nd Street in the next two weeks, likely the week of November 1st. This work will involve storm sewer installation, followed by curb installation, driveway approach installation, sidewalk installation and street repair. This work will initiate at the channel west of Roger Road and progress easterly to Ballentine. This work will cause disruptions to driveway access on 62nd Street while work is occurring, 62nd Street will be closed to through traffic during this period. While curbs and driveways are replaced, you will not be able to access your driveway for 3-4 days. If your health situation requires that we replace your driveway half-at-a-time, please contact either Matt Perll or myself and we will relay this information on to the contractor and inspector.

If you have any questions regarding this project please contact any of the people below.

Project contacts are:

Ray Silva, Olsson Associates, Project Inspector, (816) 215-3638(cell)
Chad Johnson, P.E., Olsson Associates, Design Engineer, Office phone (913) 381-1170
Cynthia Moeller-Krass, P.E., City Project Manager, 913-742-6236
Matt Perll, Sr. Engineering Technician, 913-742-6237

The contractor for the project is:

Leath and Sons, Inc. (816) 353-8623
9301 E. 63rd St., Raytown, MO 64133

Sincerely,

CITY OF SHAWNEE

Cynthia Moeller-Krass P.E.

Senior Project Engineer – Storm Drainage

CC: Mayor, Council Members, City Manager, Development Services Director/City Engineer
