FOR IMMEDIATE RELEASE

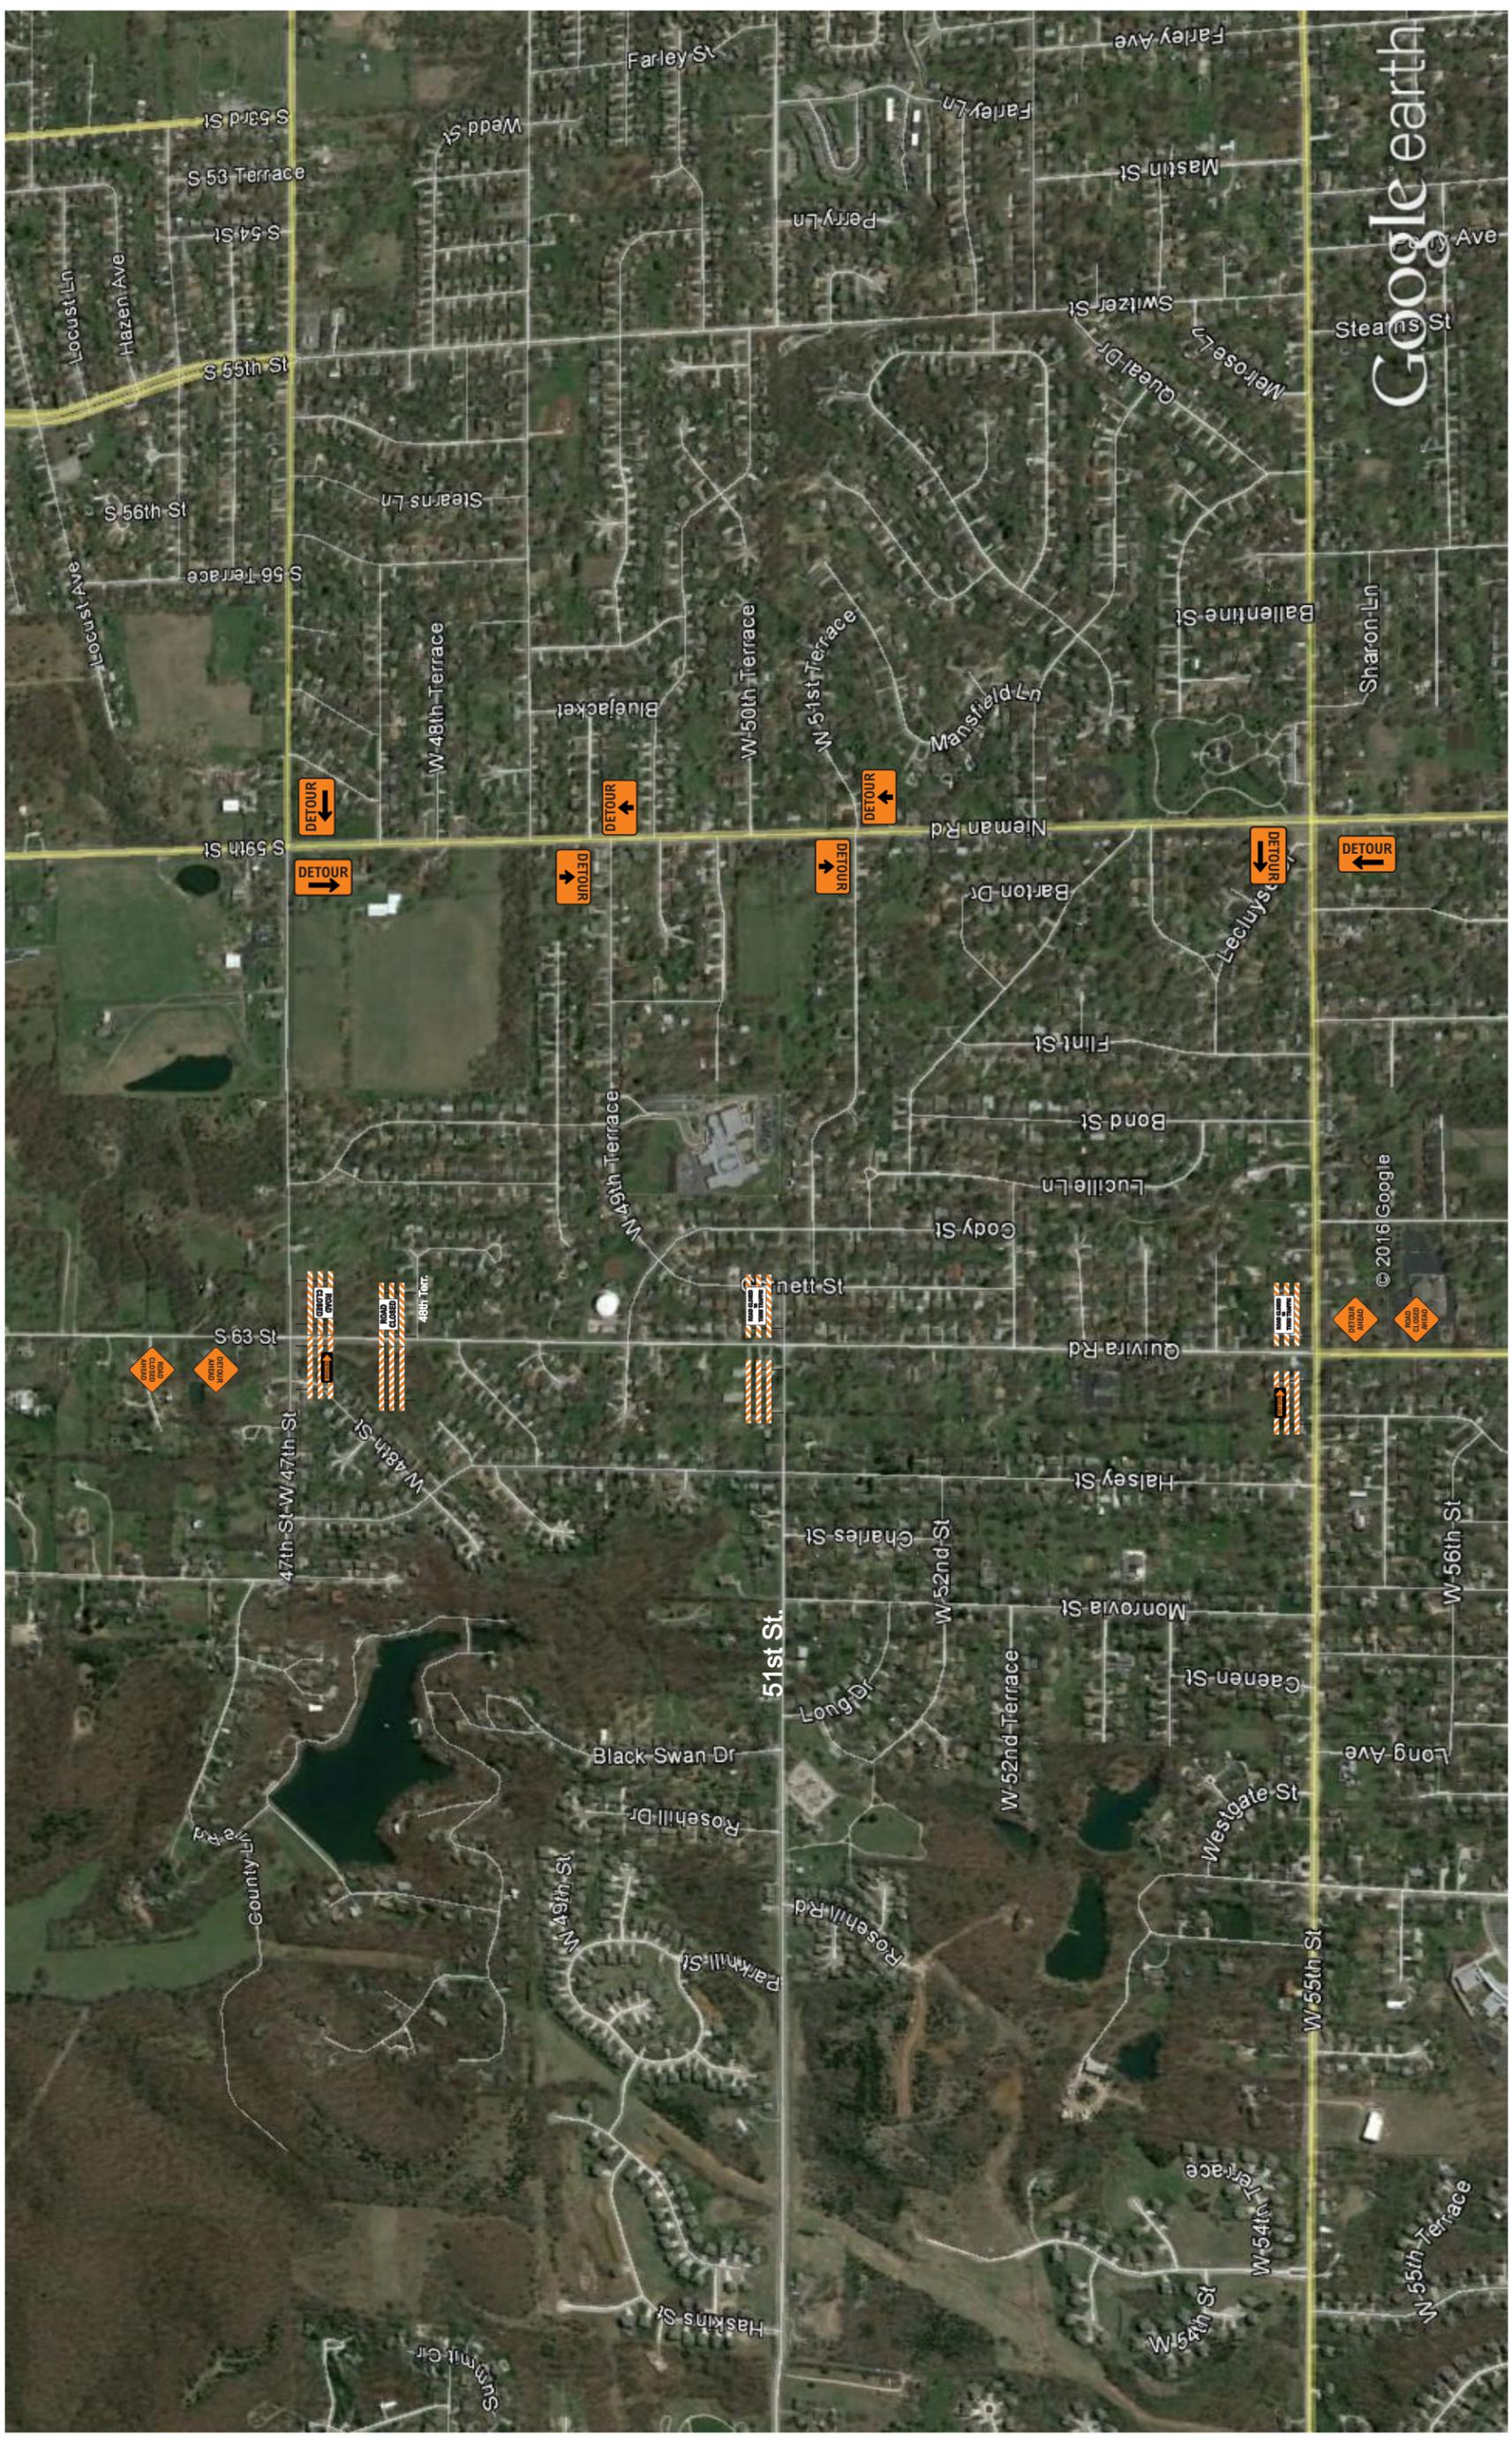

Closure of Quivira Road – 47th Street to 48th Terrace

Shawnee, Kan. – The City of Shawnee, Kan., has hired McAnany Construction, Shawnee, KS, to provide construction improvements along Quivira, between 47th Street and 62nd Place.

This project will consist of two (2) types of improvements. Quivira Road, between 52nd Terrace and 62nd Place, currently has curb on both sides of the street and sidewalk on at least one side. The work along this segment of Quivira would include an asphalt mill and overlay, curb and sidewalk/ADA removal and replacement as needed, new striping, storm sewer repairs and updating ADA ramps. Within the section of Quivira, between 52nd Terrace and 47th Street, there are unimproved gaps of curb, sidewalk, and storm sewer. The improvements within this section of Quivira will include widening/narrowing of roadway (and tie-ins to adjacent streets) to City standards and provide curb, sidewalk, and storm sewer as needed. The intent is to follow the existing profile as much as possible, as to minimize any removal of existing curb and pavement. This section will then be milled and overlaid and striped.

In order to complete the improvements between 47th Street and 48th Terrace, the contractor will need to close off that section of Quivira for approximately 30 days. The closure will begin on July 28th and continue until August 26th or sooner if construction goes well. All other work will be done under traffic with flaggers and temporary traffic control.

A copy of a signed detour is included on the back of this notification. For more information on the project please contact Paul Lindstrom, Senior Project Engineer, at (913) 742-6234, or plindstrom@cityofshawnee.org.
