Re: Project Address: _____

I acknowledge and agree that as the property owner, I have full responsibility for the location of the proposed construction related to the attached building permit application and plans, and for compliance with related municipal regulations and other lawful restrictions. I have reviewed the proposed construction location for proximity to property lines, easements, platted restrictions and existing buildings, and that the proposed construction is compliant with applicable municipal regulations and other lawful restrictions. I have been asked to submit a current survey of my property to assist me in meeting the aforementioned requirements, but I am signing this acknowledgement and submitting some type of plot plan drawing in lieu of obtaining and submitting a current survey.
