

SHAWNEE KANSAS

2020 Annual Report

Like you, we are glad to get 2020 behind us! It was a year of worries and uncertainties for everyone, but we pulled through. Even if many of the worries and uncertainties continue into 2021, one thing you can be certain of is that we are here for you!

Through the difficulties of last year, there were some very positive outcomes. One that I'm most proud of is the resiliency of our community, residents, businesses, and City employees. Even during the toughest days of 2020, we continued to provide services to you, almost uninterrupted, and you continued to support us and the entire Shawnee business community. The results show.

I am very proud that I get to work with some of the finest public servants anywhere. They continually do the right things for the right reasons day after day. They truly are remarkable servant leaders. I hope you are proud to live in a community that has a nationally accredited Public Works Department (APWA), Fire Department (CFAI) with a ISO-1 rating, Police Department (CALEA), and a AAA bond rating. This makes Shawnee one of only a handful of cities in the United States with these designations and we could not do it without your support of our community.

It is amazing to see all our accomplishments over the last year. I am proud to provide the 2020 Annual Report, and I'd like to thank you for your continued support.

Nolan Sunderman - Shawnee City Manager

What's Our Vision?

We asked and YOU answered.

Over the past year, your Governing Body, Strategic Plan Steering Committee, and City staff have taken in a lot of information through Imagineering Sessions, Focus Groups, surveys, and more. The Five Priority Pillars have been adopted by the Governing Body.

Attract diverse housing to meet the needs of a growing city

Create a safe, sustainable, inclusive, and interactive community

Design an environment where businesses thrive

Lead in maximizing and integrating natural resources

Provide exceptional city services and infrastructure
